LONGRIDGE ROSSO "EKLIPTICA" 2013

Cuvaison with indigenous yeasts without clarification or filtration.

Malolactic fermentation.

Ages in new barriques, 2nd and 3rd filling, for a period of 24 months.

This wine could have some residual sediments.

Beautiful Bordeaux cut, concentrated, dense, aromas of ripe red fruit, plum, and graphite.

Cherry blossoms, sweet spices and incense hit the palate.

The tannins are important but not aggressive.

Wine intended for long aging.
